CHOOSE YOUR SERVICE

The package determines the equipment. The service option determines whether it runs unattended or is controlled live throughout the event.

INSTALLED AUTO MODE FROM \$200

LOWER PRICE - SET AND GO

Best for parties and venues that want a complete lighting setup without an operator remaining on-site.

- Delivery, setup, cabling and testing
- Automatic or sound-active lighting mode
- Lighting system left ready for the event
- Collection and pack-down after the event included
- No on-site operator after setup

LIVE OPERATED

FROM \$375

HIGHER PRICE - CONTROLLED LIVE

Includes a dedicated lighting operator who responds to the music and controls the lighting throughout the event.

- Everything included with Installed Auto Mode
- Dedicated operator for up to five event hours
- Live looks, movement and colour changes
- Lighting adjusted for speeches and key moments
- Longer events quoted separately at a fixed rate

IMPORTANT BOOKING NOTES

- Haze: Included only where permitted by the venue. Venue approval must be confirmed before installation.
- Travel: Travel outside the normal local service area, difficult access requirements and unusual collection times are quoted separately.
- Operating window: The operated price includes up to five event hours. Any extension will be agreed as a fixed fee before the event.
- Power and safety: Final equipment placement is subject to safe rigging requirements, suitable power and appropriate venue access.
- Currency: All prices are in New Zealand dollars.
